To: Kalispell Planning Board

From: Jarod Nygren, Senior Planner

Date: September 10, 2019 – Pedestrian/Bike Plan Work Session

BACKGROUND: This Kalispell Pedestrian and Bicycle Plan establishes a strategy for improving and increasing community's non-motorized mobility throughout the city. The Planning Board previously held a work session on pedestrian/bike plan on July 9, 2019, where the upcoming planning schedule was discussed. Since the last work session, staff has attended the Northwest Montana Fair for three days, two Picnic in the Park events and two Thursday Fest events. Staff has also created a survey that has now received over 200 responses. Although still early in the process, staff would like to share some of the feedback received to date, which will guide staff on the preparation of a DRAFT plan for the Planning Board to consider in the coming months.

The work session is intended for information purposes only to inform both the public and the planning board about the various aspects of the proposed plan and process moving forward. It is not intended to be a public hearing and the planning board will not take any formal action.
